

5th Grade

At CLA, fifth grade students are held to rigorous academic, moral, and behavioral standards in an engaging classroom environment.

Bible & Leadership – Fifth grade begins the year with an in-depth study of conflict and peacemaking strategies, followed by a study of the book of James. CLA’s core leadership values are an integral part of all Biblical and academic studies.

Reading – Students grow in comprehension and critical thinking while engaging in three novel studies, which bring our study of American History to life: *The Witch of Blackbird Pond*, *Johnny Tremain*, and *Amos Fortune, Free Man*.

Spelling - Emphasis is placed on important spelling rules, root words, and languages of origin, so students will deepen their understanding of spelling before entering middle school.

Grammar – Students master all eight parts of speech this year, applying this knowledge to diagram and classify complete sentences of various patterns.

Writing – Students will refine writing skills learned in fourth grade and learn to refine and expand their writing using sophisticated techniques from the Institute for Excellence in Writing.

History – The study of American History from the beginnings of our country to the Civil War throughout the school year culminates in a field trip to Charleston, SC to experience highlights of American History including Revolutionary and Civil War sites.

Math – Students apply basics already mastered (addition, subtraction, multiplication, and division) to fractions, decimals, ratios, percentages, and much more.

Science – Fifth grade begins the year with a study of astronomy, including a visit to the planetarium and student presentations. During the second semester, we explore different aspects of chemistry and physical science through hands-on activities and labs.

“If possible, so far as it depends on you, live peaceably with all.” - Romans 12:18

Kayli Kapec

Mrs. Kapec joined CLA in 2018 as the Fifth-Grade teacher. She received a Bachelor of Science in Elementary Education from FSU in 2013. She loves teaching at CLA because she gets to share her love for the Lord every day and work with an amazing staff that shares her same values. She also loves that the parents are incredible partners in their children’s learning and that students are passionate about their growth to become tomorrow’s godly leaders. Mrs. Kapec and her husband whom she met in the FSU Marching Chiefs, have one son, Benjamin, and are expecting a second child in May of 2019.
